

EXPOSANTS ALLEMANDS DU PAVILLON B2 : EVENTUELS PROSPECTS

« EAU ET TRAITEMENT de l'EAU »

Afin de mieux illustrer le potentiel commercial du salon IFAT, vous trouverez ci-dessous une sélection non exhaustive d'exposants allemands du pavillon B2 dont les activités correspondent à l'offre de sociétés wallonnes. Ces prospects sont répartis en trois catégories : sociétés de conseils et bureaux d'ingénieur, (fabricants) distributeurs, grossistes.

Les sociétés avec un astérisque sont celles que notre bureau juge particulièrement intéressantes, en raison de leurs activités, leur portefeuille de produits ou leur notoriété locale.

Le bureau AWEX de Munich est à disposition des entreprises wallonnes pour les soutenir dans leur prise de contact avec les prospects ciblés.

SOCIETES DE CONSEIL ET BUREAUX D'INGENIEURS

Waldemar Heymann – BBV*

<https://www.wasser-bbv.de/>
